Dear Mr. Shakir:

Our office has been advised that the Department of Natural Resources has recently investigated a possible landfill leachate flow in the area immediately west of the I-275 bike path, Grand River to Ten Mile, as outlined on the attached map. The Farmington Hills City Clerk, Floyd Cairns, has confirmed that one of the properties adjacent to this section of the I-275 bike path had indeed, in years passed, been used as a sanitary landfill.

Our primary concern, of course, is to determine how this situation may affect the health, safety and welfare of the residents of Farmington Hills. To this end, we are requesting that your staff perform whatever tests are necessary to determine (1) the source of this fluid and (2) the composition of the fluid; especially with regard to the fluid's toxicity.

It should be mentioned that on Wednesday, August 10, 1983, Robert Jones of the Oakland County Health Department and Dan Rooney a member of our staff walked the above-referenced bike path and discovered several areas where fluid was running across the bike path, most noticeably along the section of the bike path abutting the Restwell Motel site. The motel's owner has recently been ordered by the Oakland County Health Department to enlarge the property's septic drain field in order to rectify an inadequate septic system. Whether or not the motel's septic system problem caused or contributed to the leachate flow has not, to the best of my knowledge, been fully determined.

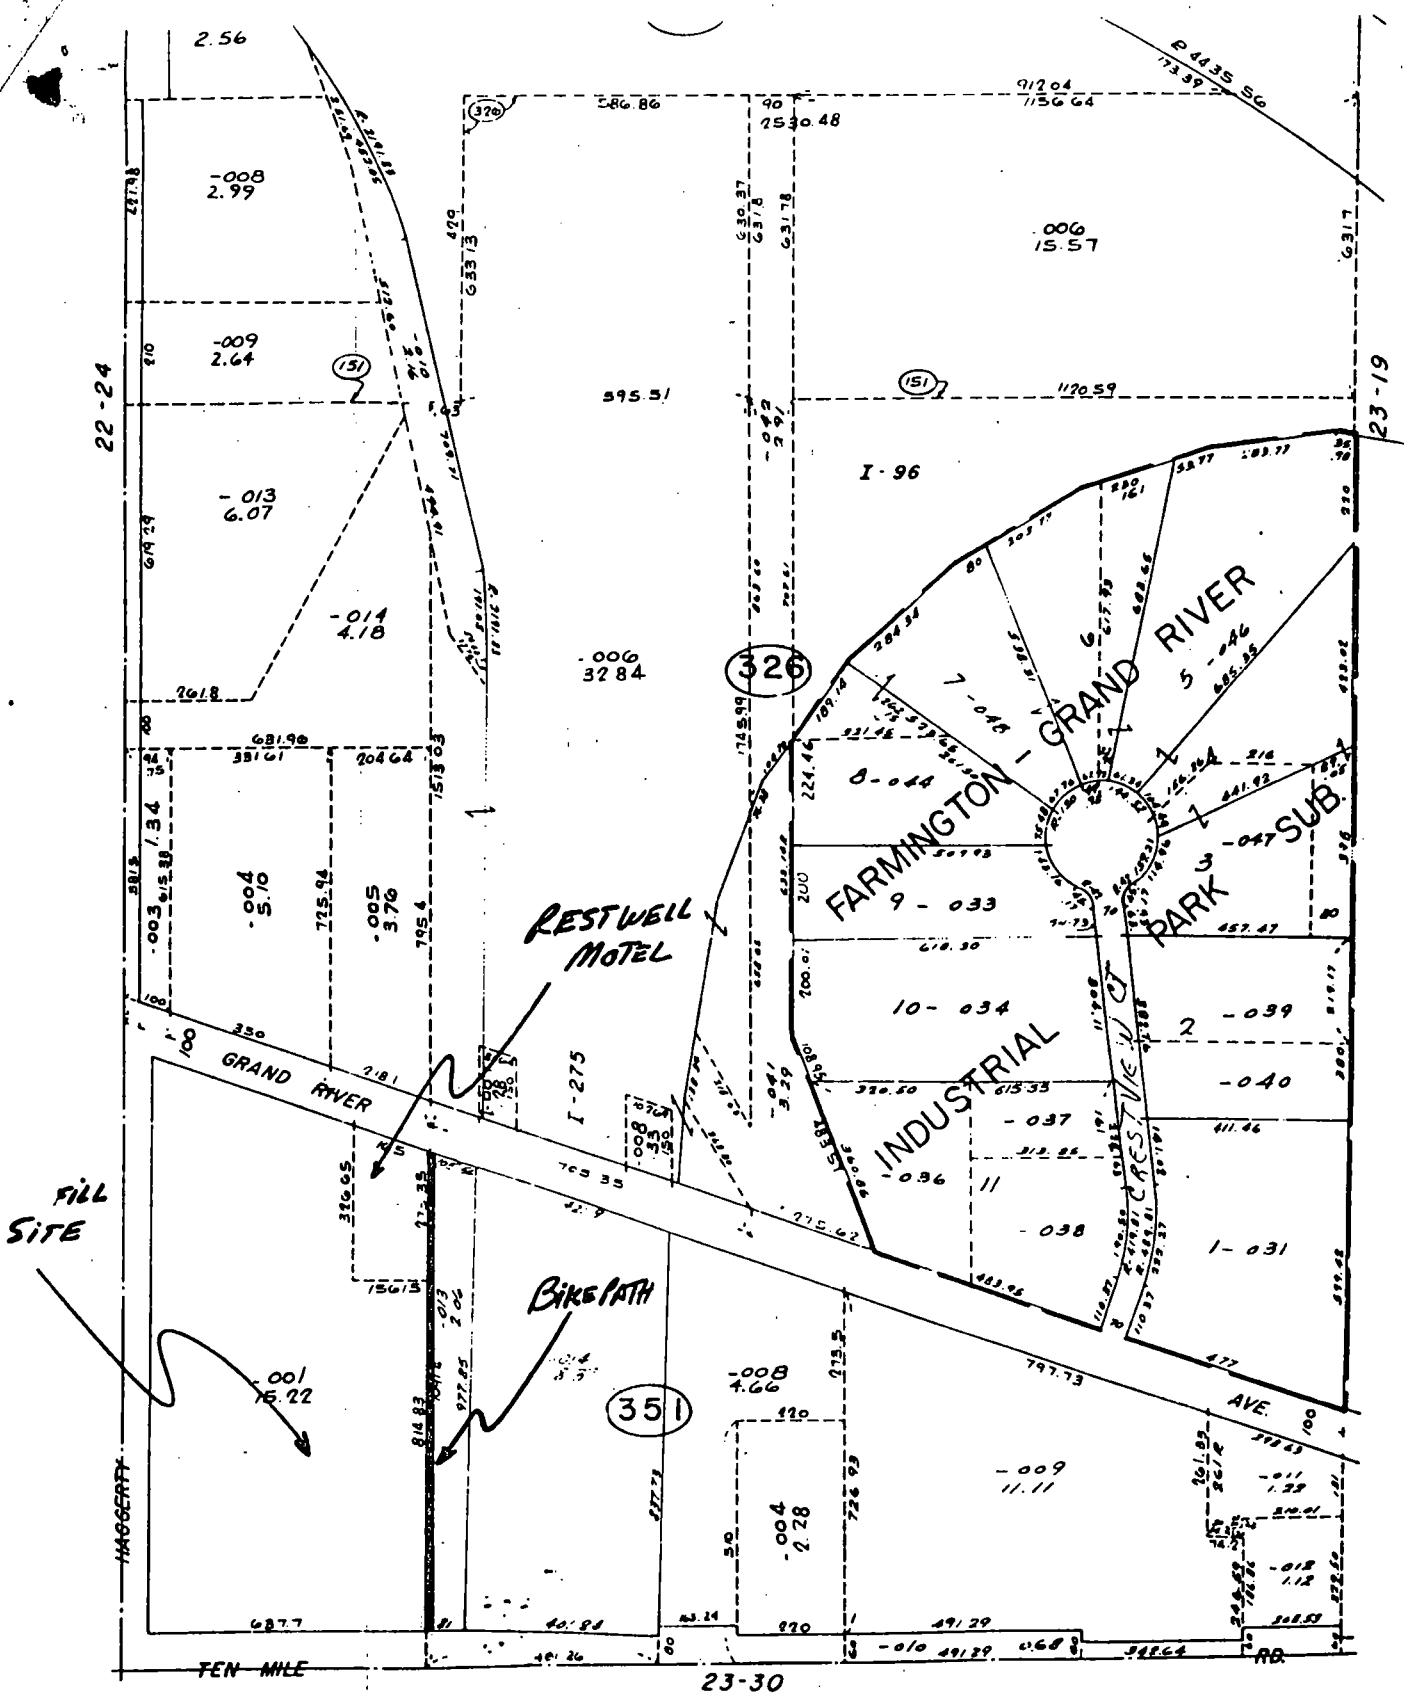

Should you have any questions regarding this letter, please feel free to contact our office at 474-6115. Your cooperation is greatly appreciated.

Sincerely,

Thomas P. Biasell
Director of Public Services

Subject: Munn Landfill

Dear Mr. Livingston:

As a follow up to our recent telephone conversation, I would like to refer you to Hakim Shakir of the Michigan Department of Natural Resources who may have additional information regarding the Munn Landfill site and will be able to provide you with the correspondence and reports that you requested. Mr. Shakir's address is:

Hakim Shakir, P.E.
Department of Natural Resources
Groundwater Quality Division
Detroit District Office
1120 S. State Fair Avenue
Detroit, MI 48023

Should you require any additional information, please contact me at (313) 474-6115.

Sincerely,

A handwritten signature in cursive script that reads "Dan Rooney".

Dan Rooney
Administrative Assistant to the
Director of Public Services
